GIP-TRIAD

 Take part of the future innovation in science and health !

Who are you ?

We are the 4th generation students joining GIP-TRIAD program this year since its establishment in 2017. 🍷

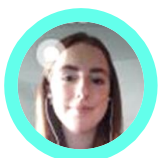

What is GIP-TRIAD about ?

We study about Food and Health Science and rotate in three different countries in two-year master program. 🌱

Where is GIP-TRIAD program taking place ?

 University of Tsukuba in Japan,
 National Taiwan University in Taiwan,
 University of Bordeaux in France.

How are you coping with the COVID-19 situation?

This is a hard time for everyone. But our learning journey and collaboration with each other will never stop. 💪

International Joint Degree Master's Program in Agro-Biomedical Science in Food and Health (GIP-TRIAD)
